SUPPLEMENTAL RESPONSE TO NOTICE OF DRAWING INCONSISTENCY

Mail Stop Issue Fee
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In a paper filed earlier today entitled Response to Notice Drawing Inconsistency, I argued that there was no inconsistency between the Brief Description of the Drawings in the specification of the above-identified patent application and the formal drawings filed September 4, 2009 including the sheet of drawings containing Figures 7, 8 and 9. **I have since discovered that this argument is wrong due to an Amendment filed August 7, 2008 in which the description of Figures 7, 8 and 9 as contained in paragraphs [019.1], [019.2] and [019.3] was canceled from the application.** Accordingly, the paper that I

filed earlier today entitled Response to Notice Drawing Inconsistency is hereby withdrawn.

In response to the Notice of Drawing Inconsistency with the Specification dated September 16, 2009, I am attaching hereto a Letter to the Official Draftsperson and five (5) sheets of replacement drawings for the above-identified patent application. **This new set of five (5) sheets of replacement drawings does not include the offending sheet of drawings having Figs. 7, 8 and 9.** Accordingly, it is respectfully requested that the new sheet of five (5) sheets of replacement drawings attached to the accompanying Letter to the Official Draftsperson be used in the printing of the patent which is to issue from the above-identified patent application.

October 14, 2009

Respectfully submitted,

/James W. Miller/
